Classwork (all work that should be done in the classroom)Unit 3 Title: Going Green

Statement of inquiry: Reducing negative human impact on environmental systems can maintain our environment's sustainability.

Stage C Creating the solutions

- Students will use desktop publishing software Publisher 2013 to create their going green brochures. They will draw and format textboxes to enter brochure text content.
- Students will learn how to insert and format shapes in Publisher 2013.
- Students will continue making their brochures by adding and formatting unit-related images.
- **Students must complete stage C Creating the solution by finalizing their Going green projects, and listing and justifying all changes made in the creation stage.**

Homework (all work that should be done at home)

No Homework is assigned for this cycle

Assessment, Projects and Activities

All work, tasks and activities that are done by students in the classroom or at home (any homework needed) are part of their Unit 3 Summative Assessment.
