

Subject : Mathematics MYP2		Teachers Name :	Ms. Eman, Ms. Amna
Date : From	23/11/2017	To	30/11/2017

Classwork (all work that should be done in the classroom)

MyMathLab-PEARSON (coursecompass.com): Students should finish all the classwork assigned for this cycle.

Students should make sure that they bring their laptop, working charger, notebook and materials to class every day.

Those who don't bring their laptops will be given paper copies, and they should be responsible for accomplishing it on time.

Notebooks: students should make sure they keep good neat handwriting when they copy in their notebooks and keep it clean by following the teachers' instructions.

In this cycle we will work in **Linear equation and inequalities Project and study 11.1 Solving Systems of Linear equations graphically**

Homework (all work that should be done at home)

Students should finish all homework at home within one week of being assigned. They should make sure they ask for paper copies if they have a problem with the internet at home or with their laptops.

If they were provided with a paper copy they should stick it in the notebook and submit it to the teacher by the due date (or before). Students can ask teachers if they have any problem with understanding the homework questions before the due date.

In this cycle students should finish Linear equation and inequalities project by Sunday 26/11/2017 and **HW 11.1** by 30/11/2017

Assessment, Projects and Activities

Students should be ready for the project given during this cycle

- ✓ **Time:** Monday – Tuesday – Wednesday
- ✓ **Presentation:** Sunday – Monday
- ✓ **Chapter:** 9 Sections 9.1 linear equations and 9.3 linear Inequalities
- Where: to get the information from?**
- ✓ Coursecompass.com and google.com and any other resources (notebook etc..)
- ✓ **Forms** of examples:
- ✓ Pictures, videos, graphs, tables, number lines etc..
- ✓ **Use word problems**
