

Subject : Mathematics MYP3		Teachers Name :	Ms. Eman, Ms. Amna Mr. Fares
Date : From	23/11/2017	To	30/11/2017

**Classwork (all work that should be done in the classroom)**

MyMathLab-PEARSON (coursecompass.com): Students should finish all the classwork assigned for this cycle.

Students should make sure that they bring their laptop, working charger, notebook and materials to class every day.

Those who don't bring their laptops will be given paper copies, and they should be responsible for accomplishing it on time.

Notebooks: students should make sure they keep good neat handwriting when they copy in their notebooks and keep it clean by following the teachers' instructions.

In this cycle we will study Parallel lines investigation, Perpendicular Lines Investigation and 3.6 Functions

**Homework (all work that should be done at home)**

Students should finish all homework at home within one week of being assigned. They should make sure they ask for paper copies if they have a problem with the internet at home or with their laptops.

If they were provided with a paper copy they should stick it in the notebook and submit it to the teacher by the due date (or before). Students can ask teachers if they have any problem with understanding the homework questions before the due date.

In this cycle students should finish the parallel line investigation, perpendicular line investigation and 3.6 Functions 30/11/2017

**Assessment, Projects and Activities**

On this cycle, students will have a Summative Assessment, and they be assessed in investigating Patterns. This Summative Assessment includes the parallel line and perpendicular line investigation.

**Best of Luck.**
